LINEA ECOSOSTENIBILE

camicia in 100% cotone organico certificata GOTS (global organic textile standard).

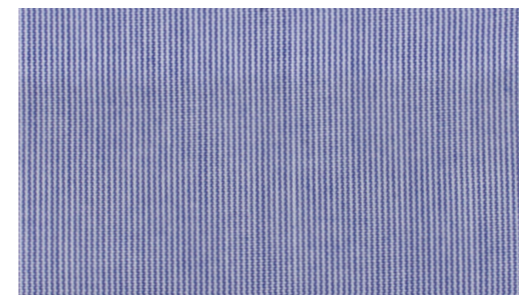

il tessuto è prodotto in conformità ai criteri sociali e ambientali rigorosi e controllati, le fibre sono coltivate biologicamente senza aggiunta di alcun pesticida e con consumi ridotti di acqua ed energia. Oltre al tessuto anche gli accessori soddisfano i requisiti di sostenibilità: dai bottoni, all'etichetta ottenuta dai scarti della lavorazione del lino fino al cartellino costruito con materiali riciclati.
