# PRIMAVERA/ESTATE 2012

Libertà come concetto chiave dell'estate 2012.  
Andare oltre le regole delle tendenze.  
Giacche morbide, decostruite, avvolgenti.  
Un'eleganza minimale, nei colori e nei tagli, che entra nel guardaroba in maniera discreta,  
quasi inavvertita...ma sempre in modo impeccabile.  
La collezione si tinge dei colori della natura e del mare,  
andando dai toni neutri agli azzurri,  
fino ad arrivare ai blu profondi  
Tessuti freschi come cotone e lino donano alla figura leggerezza ed una vestibilità confortevole.  
L'uomo John Barritt è sempre elegante, raffinato, ironico ed accattivante.  
Ogni dettaglio è perfettamente curato.

# SPRING/SUMMER 2012

Freedom is the key concept of John Barritt Spring/Summer Collection 2012  
The purpose is to break the rules of fashion trends ;  
Jackets are soft , unstructured and comfortable;  
Colours and styles represent a kind of minimal and subtle elegance.  
The collection become tinged with colours of Nature and Sea:  
colours range from the neutral and light blue to the navy,  
like the deep colour of the sea,  
Fresh textiles as cotton and linen give a sense of lightness to the figure,  
so the fitting is perfectly adapted to every man's shape.  
The man who wears John Barritt is simply elegant,  
finely ironic and unconsciously charming,  
always paying a special attention to the details.
